This was DOJs argument about Texas's discriminatory #VoterID law in December. How can they abandon this position now?

> SB 14. Texas would not have enacted SB 14 absent the purpose, at least in part, to abridge the ability of Hispanic and African-American Texans to exercise their constitutional right to vote.
>
> **VI. CONCLUSION**
>
> For the reasons set out in the United States' Brief Concerning Discriminatory Intent (ECF No. 962) and herein, this Court should find that proponents of SB 14 were motivated, at least in part, by SB 14's detrimental effects on the African-American and Hispanic electorate, in violation of Section 2 of the Voting Rights Act.

This is 5th time a court has found Texas #VoterID law to have a discriminatory purpose or effect. Time for Texas to stop #votersuppression.

One reason why #France always beats US in turnout is because voting is on the weekend.

> **ChristianChristensen** @ChrChristensen
> #France's "bad" voter turnout (74%) is 10% higher than the best US turnout in the last 20 years (64% in 2008). And 20% higher than 2016.

BREAKING: Another major victory in our Texas #VoterID case. Court finds TX acted with discriminatory intent and bars implementation of law.

Consequently, the only appropriate remedy for SB 14's discriminatory purpose or discriminatory result is an injunction against enforcement of that law and SB 5, which perpetuates SB 14's discriminatory features. With respect to the VRA § 2 discriminatory purpose finding, elimination of SB 14 "root and branch" is required, as the law has no legitimacy. *E.g., City of Richmond, Virginia v. United States*, 422 U.S. 358, 378-79

Better for it to not represent today's America in its appearance, as it will CERTAINLY fail to represent today's America in its deeds.

MEMORANDUM

TO: Acting Chair Victoria Lipnic, Equal Employment Opportunity Commission

FROM: Neomi Rao, Administrator, Office of Information and Regulatory Affairs

DATE: August 29, 2017

SUBJECT: EEO-1 Form; Review and Stay

After careful consideration and consultation with the Equal Employment Opportunity Commission (EEOC), and in accordance with the Paperwork Reduction Act (PRA) and its regulations at 5 CFR 1320.10(f) and (g), the Office of Management and Budget (OMB) is initiating a review and immediate stay of the effectiveness of those aspects of the EEO-1 form that were revised on September 29, 2016. These revisions include new requests for data on wages and hours worked from employers with 100 or more employees, and federal contractors with 50 or more employees. EEOC may continue to use the previously approved EEO-1 form to collect data on race/ethnicity and gender during the review and stay.

The PRA authorizes the Director of OMB to determine the length of approvals of collections of information and to determine whether collections of information initially meet and continue to meet the standards of the PRA. In this context, under 5 CFR 1320.10(f) and (g), OMB may review an approved collection of information if OMB determines that the relevant circumstances related to the collection have changed and/or that the burden estimates provided by EEOC at the time of initial submission were materially in error. OMB has determined that each of these conditions for review has been met. For example, since approving the revised EEO-1 form on September 29, 2016, OMB understands that EEOC has released data file specifications for employers to use in submitting EEO-1 data. These specifications were not

We urge Secretaries of State across the US to refuse cooperation with the Pence-Kobach national witch hunt. We reject this sham Commission.

The Honorable Denise Merrill
Secretary of State
Capitol Office, PO Box 150470
Hartford, CT 06115-0470

Dear Secretary Merrill:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law to urge you not to cooperate with the request by Kris Kobach, Vice Chair of the Presidential Advisory Commission on Election Integrity, to provide to the Commission an extensive amount of personal information regarding every voter in your state. The Lawyers' Committee for Civil Rights Under Law is a non-partisan, non-profit organization created in 1963 at the request of President Kennedy to enlist the private bar's resources in combating racial discrimination and to ensure equal opportunities for all. We work cooperatively with local and state election officials across the country in connection with our leadership of the Election Protection program, the nation's largest non-partisan voter protection effort.[1]

Mr. Kobach would have each State provide the Commission with the full name, address, dates of birth, political party, last four digits of social security number, voter history, information concerning felony convictions, and military status of each and every registered voter in the United States. Nowhere does Mr. Kobach explain why this treasure trove of personal information is needed, and what the Commission intends to do with it. No doubt, this intrusive and inexplicable request will have a chilling effect on the rights of voters and may open the door for disruptive and discriminatory action at the federal level.

We also underscore serious concerns regarding the various burdensome queries set forth in the letter, several of which are slanted and results-oriented, predicated on the illegitimate premise of voter fraud. Every court that has analyzed the issue has concluded that there is absolutely no evidence of wide-spread voter fraud.

The goal of our society should be to increase and facilitate voter participation, not to create barriers and intimidate voters. We urge you to reject Mr. Kobach's fear-mongering and encourage you not to participate in the illegitimate activities of this Commission.

Sincerely,

BREAKING: NH court strikes down odious parts of voter suppression law (SB3) that threatened voters w/ civil and criminal penalties.

New Hampshire Democratic Party

v.

William M. Gardner, New Hampshire Secretary of State
Gordon MacDonald, New Hampshire Attorney General

Docket No. 2017-CV-00433

League of Women Voters of New Hampshire;
Douglas Marino, Garrett Muscatel, and Adriana Lopera

v.

William M. Gardner, New Hampshire Secretary of State
Gordon MacDonald, New Hampshire Attorney General

ORDER ON PENDING MOTIONS

The plaintiffs bring this action challenging the constitutionality of Senate Bill 3 ("SB 3"), a recently enacted law governing voter registration. The plaintiffs seek preliminary and permanent injunctive relief barring the law from taking effect. The defendants object and have filed an "emergency" motion to dismiss based on lack of standing. The Court held a hearing on the request for preliminary injunctive relief and the motion to dismiss on September 11, 2017, at which all parties appeared.

purposes of voting in the town, ward, or unincorporated place where he has his domicile. When voting rights "are subjected to severe [statutory] restrictions," the statute must be "narrowly drawn to advance a state interest of compelling importance." Id. Even when the statutory restriction is not "severe," it may be subject to so-called "intermediate level" scrutiny, under which "the State must articulate specific, rather than abstract state interests, and explain why the particular restriction imposed is actually necessary, meaning it actually addresses, the interest set forth." Id. at 667 (quotations omitted).

In the Court's view, at least for the limited purposes of a temporary restraining order, the new civil and criminal penalties established by SB 3, codified in RSA 654:12, I(c) (2)(A) and RSA 659:34 are "severe" restrictions on the right to vote. Based upon its time-constrained review of the record and the relevant law, the Court cannot find that these restrictions are "narrowly drawn" by any stretch of the imagination. There are simply too many unanswered questions at this stage in the litigation. For instance, what if a same-day voter has the required documents at home, swears he/she will provide them, but the voter then cannot get them to the clerk's office in time for one reason or another (such as illness, family emergency, or even a lack of a printer)? Under the plain language of the statute, it appears that such a voter will be subject to a $5,000 fine or even a year in jail for simply failing to return paperwork.

Unbelievable. This is how bad cops continue to get rehired. Betty Shelby should not be allowed to wear a badge and gun ever again.

This judge should be held accountable for removing this from her records. I pray that the family should seek justice for their love one.

There needs to be a national database to track cops like these just like we do criminals in VICAP.

Today, 1.6M people in #Florida can't vote b/c of a felony conviction, incl. more than 1 in 5 African Americans. Florida is the worst offender when it comes to "felon disenfranchisement." It's time to put these racist laws from a bygone era to rest. #Election2017

committed to providing a safe and welcoming environment and that our actions ensure this charge.

While I believe there are more effective ways to initiate an exchange of ideas on issues of national concern, the right to exercise one's freedom of speech under the First Amendment must be protected.

After much reflection, I have decided that at Kennesaw State's next home game on November 11, the pre-game program will be restored to its original format, with the cheerleaders taking the field before the singing of the National Anthem. I will stand during the National Anthem to honor the women and men who have served in our nation's armed forces. While I choose this action, I do not believe that this debate has to be a choice between honoring our veterans and protecting the freedom of speech. We must be able to do both.

It is my hope that the engagement with students that has begun on campus will produce a constructive dialogue that leads to a greater recognition of and respect for all opinions.

Sincerely,

Samuel S. Olens
President

I'm sorry, but @Twitter must do a better job filtering propaganda and posts imparting false information about the date/time for voting.

All over Mobile county voters are being told that they can't vote due to an address on their driver's license. This is incorrect and illegal. Voters need to know that they CAN vote without any proof of address and to call 1-800-682-2793.

It's called voter suppression. They tried to stop me from voting, but I managed to get a regular ballot because of who I happen to know and an auspicious last name.

2/ New Orleans judges routinely impose fines, court fees and costs without taking into account individuals' ability to pay. This violates the constitution. It's time to end the criminalization of poverty.

3/ The resurgence of debtors' prisons across US entraps poor people, too many of whom are African American or minority, in a cycle of escalating debt and unnecessary incarceration. It also destroys public confidence in the criminal justice system. We must end #DebtorsPrisons now.

The Housing Choice Voucher program (formerly known as Section 8) subsidizes housing costs for more than 2M low-income households. Under Ben Carson, HUD suspending a rule that would have improved how the value of the vouchers are calculated. This was reckless on Carson's part.

DOJ's Community Relations Service office plays a critical "Peacemaker" role, working with communities experiencing tension (ie. Charlottesville), In wake of rising hate crimes and other conflicts, this office is needed now more than ever. This is a disastrous move. #TrumpBudget.

Special Counsel Robert Mueller's indictment of Russian officials shows clear minority voter suppression. These are astounding allegations.

46. In or around the latter half of 2016, Defendants and their co-conspirators, through their ORGANIZATION-controlled personas, began to encourage U.S. minority groups not to vote in the 2016 U.S. presidential election or to vote for a third-party U.S. presidential candidate.

a. On or about October 16, 2016, Defendants and their co-conspirators used the ORGANIZATION-controlled Instagram account "Woke Blacks" to post the following message: "[A] particular hype and hatred for Trump is misleading the people and forcing Blacks to vote Killary. We cannot resort to the lesser of two devils. Then we'd surely be better off without voting AT ALL."

b. On or about November 3, 2016, Defendants and their co-conspirators purchased an advertisement to promote a post on the ORGANIZATION-controlled Instagram account "Blacktivist" that read in part: "Choose peace and vote for Jill Stein. Trust me, it's not a wasted vote."

c. By in or around early November 2016, Defendants and their co-conspirators used the ORGANIZATION-controlled "United Muslims of America" social media accounts to post anti-vote messages such as: "American Muslims [are] boycotting elections today, most of the American Muslim voters refuse to vote for Hillary Clinton because she wants to continue the war on Muslims in the middle east and voted yes for invading Iraq."

23 years ago Timothy McVeigh carried out the Oklahoma City bombing killing 168 people. Today, white supremacists continue to carry out violence, unchecked and emboldened by the actions and policy positions of this administration.

> And yet, in these 23 years, the bombing remains misunderstood as an example of "lone wolf" terrorism. People repeat the words of the bomber Timothy McVeigh, an avowed white-power advocate who before his execution pointed out how scary it was that one man could wreak "this kind of hell."
>
> But in fact, the bombing was the outgrowth of decades of activism by the white-power movement, a coalition of Ku Klux Klan, neo-Nazis, skinheads and militias, which aimed to organize a guerrilla war on the federal government and its other enemies.

All 4 victims of today's heinous Waffle House attack were young people of color with their whole lives ahead of them.

Law enforcement must view today's tragedy as a racially motivated hate crime and an act of domestic terrorism. Hate crimes are on the rise.

Fun Fact: Trump's judicial nominee Wendy Vitter of Louisiana recently purchased a home w/ a racially restrictive covenant. The deed stated that the home could only be sold to *People of the White Race.* She's seeking a lifetime appointment.

Wendy Vitter seeks a lifetime appointment to the federal bench.

Vitter, a lawyer, once bought a house that could only be sold 'To People of the White Race.'

Vitter can't acknowledge that Brown v Bd. of Ed was right decision.

"Vitter can't acknowledge that Brown v Bd. of Ed was right decision." Stood out to me tremendously when I saw that clip. It is another blatant tell of what this administration is about.

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unfairly targeted a woman in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over in promoting

This is @ZionKelly18, one of the amazing young leaders who spoke at the historic #MarchForOurLives.

His personal story about the impact that #gunviolence has had on his family and on communities of color is one that everyone should hear.

It's time we heed his call for reform.

LAWYERS' COMMITTEE FOR CIVIL RIGHTS UNDER LAW

April 20, 2018

Scott Wagner
Chief Executive Officer
GoDaddy Inc.
14455 North Hayden Road
Suite 219
Scottsdale, AZ 85260

Dear Mr. Wagner,

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") in regard to Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service as it incites hate content strongly inciting violence, particularly against racial and ethnic minorities. We write to alert you to the violation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site included hateful content in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over to promoting

Sure, demographics and genetically correlated voting patterns don't matter at all... Treat individuals as individuals, of course, but if your democratic society is taken over by people who vote against it's core values, those core values will no longer be codified into the law.

Today's #SCOTUS decision undermines the goals of civil rights laws which have been put in place to deal with systemic discrimination that sometimes rears its head in the workplace. No American should be forced to sign away their right to invoke the protections of these laws. twitter.com/scotusreporter…

It doesn't make unions powerless. They can still strike. Yes, it is illegal in some parts of this country to unionize or strike, but the labor activists of the early 20th century did it anyway. I have a feeling we will be seeing mass labor movements again soon.

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unlawfully used the name of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over to promoting

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unlawfully targeted a resident in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over in promoting

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunities. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site included harmful content in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over to promoting

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unlawfully used the name of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over in promoting

1 in 5 Black Floridians cannot vote due to a felony conviction. This can change in November if 60% of voters pass Amendment 4. Time to eradicate this 150-year old barrier to the ballot box.

Wrong question. The correct question is how does felon voting affect the country?

If someone doesn't follow the law, they aren't the best to elect people who make the law. Now, I don't think it should be a lifetime ban but there needs to be penalties for felon convictions for a period of time

Alabama's Governor has authorized a guns in schools program that will weaponize teachers, and expose students and teachers to more dangerous learning environments.

This is a clear and misguided attempt to avoid obvious need for #GunControl now.

BREAKING -- #SCOTUS issues devasting Masterpiece Cakeshop decision. Justice Kennedy issues ruling finding that baker's refusal to serve couple was based on 'sincerely held religious beliefs.' Gravely unfortunate ruling for those who believe in equality in our country. #OpenToAll

The #SCOTUS missed an opportunity in #MasterpieceCakeshop to affirm a critical ruling issued by the Colorado Civil Rights Commission that would have sent a strong message discouraging and dissuading discrimination by public accommodations against people based on their LGBT status

While disappointing that the #SCOTUS rejected the position of the Colorado Civil Rights Commission, the Court did not change the long-standing rule that businesses do not have a constitutional right to discriminate against LGBTQ individuals or any other marginalized groups.

Yes, yesterday's Supreme Court ruling was unfortunate. We can expect to see this kind of discriminatory conduct more often from businesses who feel emboldened in the wake of the #MasterpieceCakeshop ruling.

Justices Ginsburg and Sotomayor got it right in their dissent.

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unlawfully benefited content in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over in promoting

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in refusing services to the Daily Stormer in 2017, after the site maliciously targeted a memorial in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over in promoting

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in refusing services to the Daily Stormer in 2017, after the site unlawfully benefited content in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over in promoting

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unfairly targeted a woman in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over to promoting

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Alright.com, a website for which GoDaddy provides domain registration services. Alright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unfortunately found a home in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over to promoting

BREAKING: We shut down Richard Spencer's Altright website. We will continue using every tool in our arsenal to confront white supremacists, the alt-right & those who incite violence and hate in our country. We applaud @GoDaddy for heeding our call and pulling the site.

Dear Mr. Wagner:

I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") regarding Altright.com, a website for which GoDaddy provides domain registration services. Altright.com is in clear violation of GoDaddy's terms of service, as it includes content actively inciting violence, particularly against racial and ethnic minorities. We write to alert you to the situation and to call on GoDaddy to remove the offending website for its violations of the company's terms of service and for inciting violence against minority groups.

The Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee") is a non-profit organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources in combating racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee for Civil Rights Under Law's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities.

As a civil rights organization, we appreciate that you take your responsibilities seriously with respect to the infrastructure of the internet, and the attendant concerns regarding free speech and fair process. We applaud your prior action in ending services to the Daily Stormer in 2017, after the site unfairly targeted a woman in the wake of the deadly Unite the Right white nationalist rally in Charlottesville. In explaining the decision to end its relationship with the Daily Stormer, a spokesman for GoDaddy explained that, in instances where a site "crosses over to promoting

Brett Kavanaugh and Merrick Garland both sit on the D.C. Circuit.

Garland was the Chief of the D.C. Circuit at the time he was nominated. Garland has served on the court for 9 years more than Kavanaugh.

That the selection of a SCOTUS judge should not be based off of party affiliation and Garland should have been tonight's choice seeing as he's more qualified than the present canidate, as evidenced in the OP. Any more questions?

That's not quite right, though. He should already be a SC justice, because he was Obama's pick when the seat was vacated. If anything, Gorsuch should be tonight's choice.

Too much is at stake with this #SCOTUS vacancy. The American people deserve the full truth about Brett Kavanaugh's time at the White House. Without a full record, there is no way to evaluate his nomination for a seat on our highest court.

It is barbaric and savage to use a taser on an 11 year old accused of stealing food. @CincyPD policies say you can tase anyone as young as 7.

Remember, AG Jeff Sessions backed away from addressing the need for systemic police reform because of concern about "officer morale."

Just because the law allows you to do something doesn't mean you should ever do it. Judgment, morals, and common sense should play a part in that decision also. This is outrageous.

It is barbaric and savage to use a taser on an 11 year old accused of stealing food. @CincyPD policies say you can tase anyone as young as 7.

Remember, AG Jeff Sessions backed away from addressing the need for systemic police reform because of concern about "officer morale."

Just because the law allows you to do something doesn't mean you should ever do it. Judgment, morals, and common sense should play a part in that decision also. This is outrageous.

It is barbaric and savage to use a taser on an 11 year old accused of stealing food. @CincyPD policies say you can tase anyone as young as 7.

I don't like or respect Antifa. They are as bad as the white supremacists, looking for a fight instead standing up to them. There's nothing wrong with defending yourself.

The KKK march of 1925 in Washington DC ended in the pouring rain. The DC grand wizard said, "God won't let it rain!" But, it did, bringing the rally to a total halt.

Right now, it's raining hard & the #UniteTheRight2 is over! Love conquers hate. #UnitedAgainstHate #UnitedToLove

Today marks 1 yr since the violent and deadly #Charlottesville rally that took the life of Heather Heyer. It's a day that reminds us all that our country is still dealing with stark racism and vicious white supremacy. We must redouble our efforts in the fight against hate.

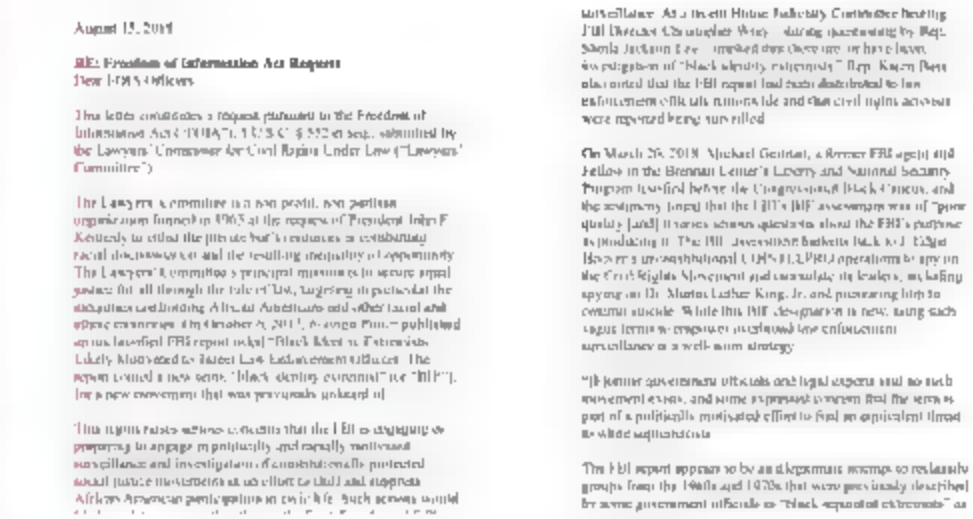
ALERT: The FBI still has not explained why it concocted the term 'Black Identity Extremist,' but it looks similar to historical efforts to spy on Black civil rights activists. We are continuing to press the FBI to release its documents and demand they give a public explanation.



August 15, 2018

RE: Freedom of Information Act Request
New FBI Officers

This letter constitutes a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq., submitted by the Lawyers' Committee for Civil Rights Under Law ("Lawyers' Committee").

The Lawyers' Committee is a non-profit, non-partisan organization formed in 1963 at the request of President John F. Kennedy to enlist the private bar's resources to combat racial discrimination and the resulting inequality of opportunity. The Lawyers' Committee's principal mission is to secure equal justice for all through the rule of law, targeting in particular the inequalities confronting African Americans and other racial and ethnic minorities. On October 9, 2017, Foreign Policy published an FBI report titled "Black Identity Extremists Likely Motivated to Target Law Enforcement Officers." The report coined a new term, "black identity extremist" (or "BIE"), for a new movement that was previously unheard of.

This report raises serious concerns that the FBI is engaging or preparing to engage in politically and racially motivated surveillance and investigations of constitutionally protected social justice movements and activists, and to target Black and Muslim African American participation in civic life. Such actions would

surveillance. At a recent House Judiciary Committee hearing FBI Director Christopher Wray, during questioning by Rep. Sheila Jackson Lee, implied that there are or have been investigations of "black identity extremists." Rep. Karen Bass also noted that the FBI report had been distributed to law enforcement officials nationwide and that civil rights activists were reported being surveilled.

On March 28, 2018, Michael German, a former FBI agent and Fellow in the Brennan Center's Liberty and National Security Program testified before the Congressional Black Caucus, and the testimony found that the FBI's BIE assessment was of "poor quality [and] it raises serious questions about the FBI's purpose in producing it. The BIE assessment harkens back to J. While this BIE assessment is new, using such vague terms to empower intelligence and law enforcement surveillance is a well-worn strategy.

"[F]ormer government officials and legal experts said no such movement exists, and some expressed concern that the report is part of a politically motivated effort to find an ephemeral threat to justify militarization.

The FBI report appears to be an attempt to revitalize groups from the 1960s and 1970s that were previously described by some government officials as "Black separatist extremists" as

The FBI's labeling of Black activists as extremist is rooted in a dark history of government-sanctioned discrimination and racialized suspicion against Black people who are merely standing up for equal rights.

BREAKING: We're taking action against Randolph County, Georgia over its discriminatory decision to shutter polling sites.

This is nothing more than a racially motivated, voter suppression scheme that aims to lock Black voters out of a historic election cycle. @LawyersComm

We went into the meeting with court papers in hand today.

We're pleased that officials saw fit to bow both to needs of the electorate and the dictates of the law in rejecting this poorly conceived plan to shutter polling sites.

At every turn, we will resist voter suppression.

Kristen Clarke @KristenClarkeJD · Aug 24
Make no mistake, today's victory was the result of collective resistance and the courage of African American voters in Randolph County, Georgia who refused to stand silent in the face of this discriminatory, voter suppression scheme.

The hearing room was packed! @LawyersComm

It is another way of frightening voters away. The Republican Party is really frightened themselves. There is a massive amount of energy being expended to keep people from voting. Itsn't Democracy designed for everyone to vote? Republicans think only Republicans should vote.

I work with an AMAZING legal team at @lawyersomm! They have been pulling all-nighters, spending lots of time with voters across GA & aggressively pushing back against voter suppression. Grateful for all of them!! John, Julie, Marcia,

Today marks 12 yrs since unarmed Sean Bell was killed by NYPD cops in a hail of bullets. Bell had been out celebrating his impending nuptials. He was murdered on the morning before his wedding.

3 NYPD cops were acquitted. No accountability for the loss of his innocent life.

This is OUTRAGEOUS.

Alabama State AG bans local African American DA from handling investigation into police shooting of #EmanticBradfordJr b/c of photos with him and a local activist.

The same activist appears in photos with the AG. This is racism -- alive and well.

New report shows Russia exploited Black voters by using Facebook ads to find those interested in the Black Panther Party and Malcolm X, etc. This is maddening.

The right to vote for African Americans is under attack by threats both foreign and domestic.

nytimes.com/2018/12/17/us/ …

> "The most prolific I.R.A. efforts on Facebook and Instagram specifically targeted black American communities and appear to have been focused on developing black audiences and recruiting black Americans as assets," the report says. Using Gmail accounts with American-sounding names, the Russians recruited and sometimes paid unwitting American activists of all races to stage rallies and spread content, but there was a disproportionate pursuit of African-Americans, it concludes.
>
> The report says that while "other distinct ethnic and religious groups were the focus of one or two Facebook Pages or Instagram accounts, the black community was targeted extensively with dozens." Michael Slager was sentenced to 20 yrs in prison for fatally shooting #WalterScott and the sentence stands!

The 4th Circuit was unanimous in finding that MURDER, not manslaughter, was the appropriate base offense for Slager's sentence b/c of his malice.

Trump's nominees have been more than 92% white and overwhelmingly male. In the new year, he is doubling down on this approach.

98 yrs ago, the 19th amendment was ratified, securing the franchise for women — but Black women remained disenfranchised long beyond.

Today, I lift up Sojourner Truth, Ida B. Wells & Fannie Lou Homer - suffragists who made sure Black women's voices were not rendered invisible.

Our history of lynchings looms heavy for African Americans who still face racial violence today. Btw 1882 to 1968, there were 4,743 lynchings in the US.

Shame on our Justice Department for abandoning voters and ignoring the issues.

There are many more like #BrettKavanaugh and the Senate is reportedly on a mad race to rubberstamp them into lifetime seats on federal courts across the country. We must oppose this! Tell your Senator to do their job and protect our courts.

We are speaking out tonight!

October 10, 2018

Hon. Mitch McConnell, Maj. Leader
U.S. Senate
317 Russell Senate Office Building
Washington, D.C. 20510

Hon. Charles S. Schumer, Min. Leader
U.S. Senate
322 Hart Senate Office Building
Washington, D.C. 20510

Hon. Charles Grassley, Chairman
U.S. Senate Committee on the Judiciary
135 Hart Senate Office Building
Washington, D.C. 20510

Hon. Dianne Feinstein, Ranking Member
U.S. Senate Committee on the Judiciary
331 Hart Senate Office Building
Washington, D.C. 20510

Dear Leader McConnell, Leader Schumer, Chairman Grassley, and Ranking Member Feinstein:

We, the undersigned civil rights organizations, write to express grave concern with reports that the Senate intends to move forward with a broad slate of judicial nominees without giving these nominees full consideration and examination on the Senate floor. A number of these nominees bear records that warrant full examination by the Senate. Any attempt to abbreviate or abandon the Senate's normal process and procedure for evaluating nominees threatens the integrity of our federal courts and will most inevitably undermine public confidence in the work of the courts.

As leaders of the civil rights organizations listed below, we are increasingly concerned that the Senate is proceeding down a dangerous path that will undermine the integrity of the federal courts for future generations. Our organizations are committed to equal justice and protection for African Americans and have, on behalf of our members, constituents or clients, sought fair and full enforcement of federal civil rights laws and the Constitution in courts across the country. We respectfully request that the Senate immediately abandon any misguided attempt to rubber stamp nominees without full and fair consideration.

Sincerely,

Kristen Clarke, President and Executive Director, Lawyers' Committee for Civil Rights Under Law

This is Sandra Bland

Today would have marked her 32nd birthday

In 2015, 28 yr old #SandraBland is found hanged while in police custody in TX. She was pulled over for a minor traffic violation

We honor Sandra by acknowledging the intersection of race, gender & police violence.

This woman, Lisa Britt, is giving testimony right now about an explosive absentee ballot theft ring in North Carolina. She admitted taking absentee ballots for money and discarding them. She was urged to plead the 5th and not testify. This is madness— democracy is up for sale.

Attorney for Mark Harris, the candidate who benefitted from this scheme, is now cross examining Lisa Britt. The attorney trying to suggest this is no big deal b/c the ballots that Britt took belonged to Republicans. This is FALSE. Black & Native American voters were most impacted

Precious Hall is a registered voter and a victim of the #NC09 scheme. Hall received an absentee ballot but did not remember requesting one. She normally votes in person.

People showed up at her home, she completed ballot, people witnessed it, and they took the ballot with them.

Being a nationalist has NOTHING to do with religion.

I stand with @CommonCause in opposing partisan gerrymandering. We must also end racial gerrymandering.

Americans deserve #FairMaps that allow voters to select their candidates and do not let candidates pick the voters.

SHAMEFUL.

@senatemajldr is blocking a vote on #HR1, claiming the reforms are "socialist"

It is UNPATRIOTIC to stand in the way of reforms that would allow more voices to be heard in our democracy.
